

Pre-Work Lesson 3: The Greene Case

Session 3 focuses on Marky Greene. He resides with his mother and father and there are concerns about his family's ability to care for him. Please be sure to read the case prior to the training and make notes of your thoughts and questions. Please email LTurner@casabaltco.org the following at least one day prior to the session:

- Complete Lesson 3 Foundational Course
- After reading the information about the Green case what would you like more information on? Please list at least two to three questions or areas of concern you have.
- Please complete and submit the "Strengths in Families Worksheet."
- Please listen to the interview with the CASA volunteer and Marky's aunt and the following interview: <https://youtu.be/w0t3tPHCrjE>. Please note at least two or three things you believe the CASA did well and any additional information you believe would have been helpful to ask. This can be documented on the Marky Green worksheet.
- Please look at the "Finding Strengths" handout and note at least two positive things about this picture and two areas of concern.

Please feel welcome to contact me with any questions or concerns and I am looking forward to meeting you all during our session. Welcome to CASA!
